

# FEATURES

## Battery

93 kWh

## Range

300 km

## Top speed

35 km/h (plain ground)

20 km/h (cross country)

## Payload

1000 kg

## Kerb Weight

2085 kg

## Gross Vehicle Weight

3085 kg

## Ground clearance

325 mm

## Fording

500 mm

## Track Type

Rubber - reinforced

## Dimensions

2822 \* 1978 \* 973 mm

## Tracks

Track length: 5355 mm

Track width: 1678 mm

## Bearing Surface Length

1554 mm

## Suspension Type

Individual swing arms - coil over assembly

## Powertrain

Front-end driven - independent LH and RH drive

## Use Cases

Surveillance & Reconnaissance

Search & Rescue

Explosive Ordnance Disposal

Logistics & Supply

Combat Support
